## Aid arrived Myanmar

Aid, made possible through your generous giving, arrived in Myanmar for the much needed relief of victims caught in the cyclone. ACTS personnel are able to assist more than 800 victims especially in the Irrawaddy Delta where the cyclone hit in providing "soap, soup, and salvation." Re-building of homes and churches will begin soon as additional aid

arrives. Three churches have begun rebuilding. Thirteen more orphans are added to the Charity Orphanage on the campus of ACTS Bible College & Institute in Yangon.

Please continue to pray for protection of workers from diseases, provision of clean water, food and shelter, and His watchful care over the many orphans left behind by the tragedy.
